

CyberShield+

YOUR ALL-IN-ONE CYBER SECURITY & GOVERNANCE SOLUTION FOR ULTIMATE DATA PROTECTION

Ensure a holistic approach to safeguarding your organisation's digital assets with CyberShield+. This cost-effective, seamless and proactive solution is built around managed IT, essential security controls outlined by the SMB1001:2025 Silver Tier 2, and a tailored approach to identifying any gaps in your compliance with APP 11 reasonable steps.

Build Trust and Strengthen your Defences

24/7 THREAT MONITORING & MAINTENANCE

Ensure your servers, networks, and other IT infrastructure are performing at their best.

SECURITY SUPPORT

IT security expertise is always on hand to help you navigate the complexities of cyber security.

REGULAR UPGRADES

Keep your software and hardware updated and secure.

RELIABLE BACKUP & RECOVERY

Protect your business against data loss and ensure minimal downtime.

SECURE PASSWORD MANAGEMENT

Encrypt, store and manage all your passwords in one place.

ACCESS MANAGEMENT

Ensure tight data governance and control over who has access to your data.

CLEAR POLICIES, PROCESSES & PLANS

Establish a framework for effective IT governance, security, and operational efficiency.

ROBUST CYBER SECURITY MEASURES

Increase cyber resilience with anti-virus, endpoint detection and response, and firewall.

GOVERNANCE & CULTURE TRAINING

Effectively empower your team to champion Cyber Security within your organisation.

PRIVACY ACT ASSESSMENT

Determine where your gaps are against APP 11 Reasonable Steps

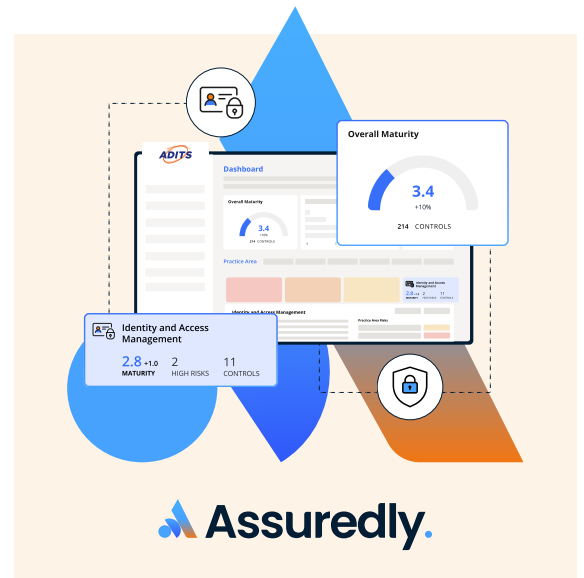

DATA BREACH NOTIFICATION

Comply with the Privacy Act 1988 by letting us handle the OAIC notification and reporting in the event of a breach.

ADITS Exclusive Privacy Act Assessment

As our distinctive approach to cyber security focuses heavily on Data Privacy and Compliance, we've partnered with Assuredly, the all-in-one platform for managing cybersecurity controls.

This collaboration exclusively allows us to review your compliance with the Privacy Act and conduct a yearly assessment.

SMB1001 Certified

With ADITS' technical guidance, demonstrate your cyber security maturity, address evolving threats and confidently obtain your SMB1001:2025 Silver certification; an internationally recognised standard designed for small-to-medium sized businesses.
